PROFILE

Information Systems undergraduate with hands-on experience in data analysis, Business Intelligence, and process analysis. Experienced in transforming operational data into KPI dashboards and insights using Python, SQL, and BI tools, while applying ERP knowledge to understand operational challenges. Interested in leveraging data-driven insights to support decision-making and improve operational performance.

EDUCATION

Bachelor of Computer Science in Information Systems August 2024 - Present
Universitas Pembangunan Nasional "Veteran" Jakarta
GPA: 3.84/4.00
Relevant Coursework: Business Intelligence, Database Systems, Supply Chain Management

PROJECT

Business Intelligence Dashboard – Nutritious Meal Program (MBG) March 2026 – April 2026
Tools: Python, Streamlit, Pandas, Plotly

- Developed an interactive BI dashboard to transform 5,000+ operational records into actionable KPI insights for performance monitoring.
- Performed data cleaning and ETL to transform raw datasets into structured data for KPI analysis and reporting.
- Created interactive visualizations, including geographic analysis, to identify operational patterns and support data-driven decision-making.

ERP Supply Chain Implementation – B2RP Collection May 2026 – July 2026
Tools: Odoo 17, PostgreSQL, BPMN, ERP Lifecycle

- Implemented Odoo 17 ERP to simulate end-to-end supply chain and manufacturing processes.
- Redesigned Procure-to-Pay (P2P), Order-to-Cash (O2C), and production workflows using BPMN.
- Integrated procurement, inventory, manufacturing, and sales modules to streamline end-to-end business processes.

ACHIEVEMENT

Semifinalist – Gandeng Business Case Competition 2026 April 2026 – May 2026
Gandeng Competition × BCA

- Conducted market research and analyzed consumer behavior to identify growth opportunities.
- Developed a marketing strategy and 12-month implementation roadmap to drive product adoption

ORGANIZATION EXPERIENCE

HIMA S1 Sistem Informasi — Staff Dinamika Mahasiswa January 2026 – Present

- Collected and documented student feedback and concerns to support advocacy initiatives.
- Identified key student concerns and communicated them to organizational stakeholders.

Pemilihan Raya Universitas — Head of Supervisory Division October 2025 – December 2025

- Led a 4-member supervisory team to oversee the university election process.
- Ensured compliance with election regulations through monitoring and evaluation activities.
- Coordinated issue resolution across teams to maintain smooth election operations.

UKM EXPO — Logistic Staff July 2025 – September 2025

- Coordinated procurement and inventory distribution for event logistics.
- Maintained and tracked inventory records to ensure asset availability.
- Supported logistics operations to ensure timely event execution.
